### **REVELWOOD NAMED ONE OF TOP TEN GROWTH COMPANIES**

*New Jersey Solutions Provider Cited by Entrex Private Company Index*

**PARSIPPANY, NJ—DECEMBER 18, 2008**—At a time when most businesses are holding on for dear life, one northern New Jersey-based company is earning kudos for its recent growth. Revelwood Inc., a leading technology consulting firm specializing in performance management solutions, was announced this week as one of Top 10 Growth Companies for third quarter 2008 by the Entrex Private Company Index (PCI).

The PCI is a proprietary benchmarking tool used to measure overall performance growth, and decline, in the private companies with \$250 million or less in annual revenue. It is recognized as the most authoritative source on company growth and private sector performance by practitioners in the financial markets (including investment bankers, broker-dealers, and M&A professionals and accounting firms).

“We’re very pleased with our ability to continue to grow and prosper, regardless of the economic times,” said Ken Wolf, Revelwood President and CEO. “I consider it a testament to our ability to focus on our core business. Simply put, this means doing what we do best.”

Revelwood provides business and sales performance management solutions to Fortune 1000 and mid-market companies. This includes offering products, implementation services, training and support that bring ease, speed and flexibility to finance and sales organizations in such areas as planning, reporting, analytics and incentive compensation management.

Revelwood experienced growth of 23.4% during the quarter over the same period a year ago. This is the third time in 18 months Revelwood has been noted for a PCI Top Growth Award—indicating to analysts that this is a company to watch.

“Entrepreneurs are optimists by nature and we see continued opportunities in the months ahead, regardless of the troubled economy,” said Wolf, who co-founded the company in 1995. “We’re confident that doing right by our customers will be reflected in our bottom line.”

#### **About Revelwood**

An IBM Cognos TM1 Platinum Reseller and Premiere Varicent Strategic Business Partner, Revelwood has been recognized among the most reputable performance management solution providers in North America. Together, Revelwood’s BPM and SPM solutions extend performance management beyond the office of finance into sales, operations and other key business areas for numerous innovative companies including CBS, Dow Jones, Madison Square Garden, Wells Real Estate Funds, LifeMasters and TV Guide.
